

# REDUCE EXPENSES OR INCREASE TAXES

## SECRETARY MELLON GIVES WARNING TO CONGRESS THURSDAY

**Declares That Further Cuts of More Than \$250,000,000 Must Be Made if Additional Taxes Are to Be Avoided—Expenditures Show Increase Over Those of Last Year**

(By The Associated Press)  
WASHINGTON, Aug. 4.—Congress was warned today by Secretary Mellon that it must reduce government expenditures or increase the nation's tax burden.

Appearing before the house ways and means committee the treasury secretary declared that additional cuts of more than \$250,000,000 would have to be made in the estimated expenditures of \$4,500,000 for this fiscal year if additional taxes were to be avoided.

Under estimates for federal outlay for all purposes this year as presented by Mr. Mellon, \$3,830,000,000 would have to be raised by taxation whereas he estimated that the present revenue law would provide \$260,000,000 less than that sum, due largely to the shrinkage in the yield from excess profits and income taxes.

"Without the assurance of substantial additional reductions in expenditures," said Mr. Mellon, "it would be folly to proceed to reduce revenue merely in the hope of reducing expenditures."

## SENATE PASSES FARMER RELIEF BILL THURSDAY

**One Backed by Administration in Place of Norris Bill**

(By The Associated Press)  
WASHINGTON, Aug. 4.—Another farmers' relief measure the administration plan for government aid in supplying credit for exportation of agricultural products was passed by the senate today and sent to the house.

The bill was a substitute for the original Norris bill and provides for the war finance corporation to furnish the export credits, the Norris bill, which proposed a new government credit organization was laid aside formally and the substitute was passed without a roll call.

The substitute plan was drafted by Secretary Hoover of the department of commerce and Director Meyer of the war finance corporation. It was adopted virtually intact, the bill authorizing the finance corporation to make loans to agricultural associations, banks and trust companies.

The bill makes no change in the corporation's cash capital of \$500,000,000, but reduces from three to two billion dollars the authorized maximum of bonds it may issue. This, according to Director Meyer will be more than sufficient. Thru loans to banks agricultural collateral, it is expected that the bill's influence will be mostly felt by expansion of credit available to farmers.

In disposing of final amendments the senate rejected riders of western senators to extend privileges of the federal farm loan system to entymen on government reclamation projects.

Assurances for future action in a separate bill were given.

## FUNERAL OF CARUSO WAS HELD THURSDAY

(By The Associated Press)  
NAPLES, Aug. 4.—The funeral of Enrico Caruso, took place today. From the royal church of San Francesco di Paola the cortege moved thru streets lined with troops and vast crowds to the cemetery where the body was placed in a vault.

Services were held in this famous church by permission of King Victor Emmanuel, who sent a special representative. A choir of hundreds of singers assisted in the requiem high mass.

There were innumerable floral offerings. The crystal coffin encased in a wooden casket, was borne in a hearse drawn by six horses. All places of business had been closed as a sign of mourning and as the great procession passed airplanes flew overhead.

Mrs. T. L. Pilgrum of White Hall visited Jacksonville friends yesterday.

## DEATH COMES TO TWO MEMBERS OF TRAINING CAMP

**Carlville Man is One of Dead Caused by Skidding Truck**

(By The Associated Press)  
ROCKFORD, Ill., Aug. 4.—Members of the citizens' military training camp now in progress at Camp Grant, here, were killed, one was fatally injured and seven others hurt when an army truck conveying them to the rifle range overturned this afternoon.

The killed are:  
Walter Stasiak, Chicago.  
Kenneth U. Fogler, Carlville, Ill.

Fatally injured:  
William A. Hofsis, fractured skull, Chicago.

Others hurt:  
Frank R. Frazier, Yorkville, Ill.  
Herbert H. Zook, Peoria, Ill.  
Albert E. Russell, LaGrange, Ill.  
William C. Clinton, Oak Park, Ill.  
Elmer Capp, Woodland, Ill.  
George Sears, Beaver Dam, Wis.  
Palmer Mitchell, Olney, Ill.

The injured men all suffered cuts and bruises but sustained no broken bones, excepting Herbert Zook who has a fractured leg and broken collar bone.

The men are now in the base hospital at the camp where they were taken after first aid had been administered by the army physician who accompanied the detail to the range.

**Caused by Truck Skidding**  
The accident was due to the skidding of an army truck in which the men were riding to the range. A careful investigation of the accident was made by military men who declared the accident was unavoidable.

A committee of the Chicago branch of the Military Training Camp association of the United States was making an inspection of the civilian camp at the time the accident occurred. The committee was composed of four prominent Chicago business men, including Dr. Harry D. Orr, Chicago physician. Colonel William P. Jackson, commandant of the civilian camp, requested the committee to investigate the accident.

In a statement they declared they had made a careful inspection of the ground and questioning of those who were in the truck that overturned. The consensus of opinion of those candidates was that the accident was unavoidable.

"This is our opinion after a careful investigation. The injured were given first aid on the ground by a medical officer who was with the command and promptly sent to the base hospital where facilities for the best attention existed."

## STATES ATTORNEY ISSUES WARNING TO NEWSPAPERS

**Says He Will Prosecute Them for Giving Publicity to Fight**

(By The Associated Press)  
Rockford, Ill., Aug. 4.—Rockford newspapers today carry stories pertaining to the boxing fight to be held at Camp Grant's open air arena August 17 will be held into court, according to a statement of William Johnson, state's attorney today. He told two local sports writers that he would enforce the laws of the state and intimidate he might prosecute them if they continue to give publicity to the fight.

"Will the fight be permitted?" Mr. Johnson was asked.

"I have gone over the matter with the camp authorities," he replied, "and the question rests with them. I have explained the law and if it is broken they will have to face any consequences that may arise."

The boxing card has been arranged as the feature athletic entertainment of the Knights Templar Conclave to be held here August 15-20. Camp Grant officials have taken no action to cancel the bouts.

national for the fiscal year 1923."

The \$70,000,000 estimated additional yield from the source for this fiscal year is predicted upon the new tariff law becoming effective on January, 1922. The yield under the present law was placed at \$300,000,000.

Mr. Mellon's statement today suggested an increase in the tax on cigarettes and other tobacco products.

## Big Throng Watched Round-up Sports

All the glamor of the western plains surrounded the first day's program of the cowboy round-up given under the auspices of the Jacksonville Chamber of Commerce. Thousands of people from Jacksonville and the surrounding area occupied the comfortable seats about the great arena on the Stout property and witnessed the eight thrilling numbers of the program.

The particular stars of the big Chicago round-up were secured for the Jacksonville event and the people in the audience yesterday were well able to understand why the Chicago spectators were wild with enthusiasm over the daring of Leonard Stroud, Tommy Kirnan and several of their associates.

While it was a typical Wild West program, it is doubtful if any like event in a western state ever had such a perfection of equipment. The grounds were a great surprise to the people who had not seen the construction work in progress. The "lay-out" leaves nothing to be desired and the field for cowboy sports, surrounded with the race track and then with the numberless tiers of seats, makes of itself an impressive spectacle.

Fifty-six business men of Jacksonville made up the membership of the various committees that arranged the countless details for the round-up and it is a matter of common knowledge that there never was locally a smoother running organization. There have been no laggards, every man has done his part and the leadership has been of a kind that has overlooked no essential detail. Bank officers served yesterday as ticket takers and the other tasks in connection with the big enterprise are performed by busy business men, glad to have their part in this municipal enterprise.

The program began very promptly at 4 o'clock Thursday afternoon with Charles M. Strawn serving as announcer. The events were pushed along with more than the expected rapidity because there were some indications of rain. Only one accident marred the day's events, that in the bucking horse exhibition, Frank Dock, one of the cowboy group, fell under his horse in such a way that his left foot was badly mashed.

The general events of the program are given below but afford only a suggestion of the thrills that the program provided. One of the prettiest events was the Roman standing race, which far outclassed anything ever seen here under a circus tent. In the final number, "Chief," the automobile jumping horse, leaped with apparent ease over the Studebaker car in which four of the cowboys were seated.

Today's program will be practically a duplication of Thursday's events but with some added features, and for Saturday the management promises a program of equal worth.

Here is the list of events which Thursday's big audience watched with breathless interest:

Event No. 1.—Trick and fancy roping—Tommy Kirnan and Leonard Stroud.

Event No. 2.—Bronk riding—Cliff Wilson and Ben Curley.

Event No. 3.—Roman standing races—Tommy Kirnan, Mayme Stroud and Leonard Stroud.

Event No. 4.—Calf roping—Slim Caskey, Curley Griffith, Leonard Stroud, Tommy Kirnan, Bugger Red.

Event No. 5.—Trick and fancy riding—Leonard Stroud, Mayme Stroud, Bea Kirnan, Tommy Kirnan.

Event No. 6.—Bucking horses—Bugger Red, Rogers, Lee Leach, Frank Dock and Left Louie.

Event No. 7.—Steer Bulldozing—Curley Griffith and Slim Caskey.

Event No. 8.—"Chief"—Automobile jumping horse.

## LOOK OUT, LEN. SHERLOCK HOLMES IS AFTER YOU

**Writes Sheriff Mester to Find Out About the Reward**

(By The Associated Press)  
SPRINGFIELD, Ill., Aug. 4.—Frank A. Minkler, whose letter-head shows him to be a deputy sheriff and auctioneer at Great Barrington, Mass., wants to know if a reward has been offered for a fugitive governor of Illinois named Len Small.

He says a suspicious character he has under surveillance resembles the Illinois governor, for whom Sheriff Mester of Sangamon county holds warrants for embezzlement and conspiracy to defraud the state treasury.

Sheriff Mester received the following letter from Minkler tonight:

"Dear Sir:

"Will you tell me if there is a reward offered for Governor Len Small. I have a man under watch who resembles Small's picture and is a man keeping shady. The man and picture have a resemblance hardly to be mistaken.

"Will you let me know by return mail, also have you a photograph of Small as the newspaper photographs may not bear a resemblance.

"Very truly yours,  
"Frank A. Minkler."

Sheriff Mester replied that Governor Small is still in Illinois and that no reward has been offered for his capture.

## UNITED STATES WINS INITIAL VICTORY

WASHINGTON, Aug. 4.—An initial victory has been won by the United States in the Egyptian cotton case conference in London, according to a cable received today by the shipping board. The British conferees were said to have agreed to allocate 50 per cent of the shipments of Egyptian cotton from Alexandria to this country to the United States.

The British shippers, the cabled report said, refused to accede to the demand of the United States that a similar proportion of indirect shipments going by way of the United Kingdom be allocated to American bottoms.

## WRECK CAUSES DELAY

A wreck on the C. & A. near Petersburg early Thursday morning caused considerable delay in train service.

No. 15, which is due to arrive here at 10:59, did not arrive until an hour and forty minutes later. The wreck was caused by a broken journal on a meat car, and several cars were derailed and considerable damage done.

The wreckage was cleared away after several hours' work with the wrecker from Bloomington.

## J. WALTER KELLER ACCUSED OF THEFT GIVES \$6,000 BOND

**Admits Selling Autos But Denies He Knew They Were Stolen**

(By The Associated Press)  
CHICAGO, Ill., Aug. 4.—J. Walter Keller, son of a wealthy Pennsylvania manufacturer and arrested yesterday in connection with the theft of several automobiles was booked on four charges of larceny and released later on bonds of \$6,000.

Keller who is Chicago manager of the Pratt Food Products company of Hammond, Ind., and the son of Joseph P. Keller of Springfield, Pa., protests his innocence.

While admitting he has disposed of many automobiles to second hand dealers, according to the police he denies that he knew they had been stolen.

Detectives who have been investigating the case said tonight that as a result of Keller's arrest they have obtained information which may lead to the recovery of more than 50 stolen cars.

## CHARGES VIOLATION OF THE FORGERY LAW

(By The Associated Press)  
MILWAUKEE, Wis., Aug. 4.—Edward F. Mertz was named in three warrants today charging violation of the spurious label section of the forgery laws, on complaint of the Northwestern Extract company, William F. Biernann, credit manager, the Ideal Yeast company, Cedar Rapids, Iowa; A. L. Marine, special representative and A. W. Diecken, Milwaukee druggist.

The complainants charge that Mertz bought cans from the Northwestern Extract company manufacturers of a malt syrup, and filling the cans used the labels of the extract company and the yeast company, re-selling the product below the prices of the manufacturers.

Mr. Diecken is said to have been one of the men to whom he sold the product.

## WILL HELP ALL FORMER SERVICE MEN

CHICAGO, Aug. 4.—Help for unemployed former service men was promised today by George B. Arnold, director of the state department of labor, that he had sent word to his assistants that the former soldiers should come first and that men with families should be taken care of immediately. He indicated the armories would be thrown open to give former soldiers a place to sleep as soon as authorization was received from the governor.

## REDUCTION OF FREIGHT RATES IS ANNOUNCED

**Reduce Rate from Chicago to North Atlantic Seaboard Ports**

(By The Associated Press)  
CHICAGO, Ill., Aug. 4.—Freight rates on grain, grain products and grain by products from Chicago and the Central Freight association territory to North Atlantic Seaboard ports for export will be reduced 7 1-2 cents per hundred pounds, as a result of conferences between railway and shipper representatives\* it was announced tonight.

The central freight association territory includes points located on and north of the Ohio river, on and east of the Mississippi river, south of the Great Lakes and west of Buffalo and Pittsburgh.

Application will be filed immediately with the interstate commerce commission for authority to make the reduced rates on export traffic effective on ten days' notice but if the commission declines to approve the application the reduced rates are to be filed with the commission to become effective within 30 days. The reduced rates will expire December 31, 1921.

## Also Reduce Domestic Rates

The proposed reduction on domestic shipments is subject to the understanding that relative reductions will be made in the domestic rates on like traffic from territory east of the Indiana-Illinois state line to the same eastern destinations.

As to both the export and domestic rates, the usual differentials are to govern as between New York and other North Atlantic Seaboard ports.

In the event that it is finally decided to reduce the domestic rate the intention is to file an application with the interstate commerce commission to make the rates effective on ten days' notice, the lower rates to expire December 31, 1921. All of the reductions will effect the freight charge on shipments from points north and west of Chicago, also west of the Mississippi river.

## TELLS OF CONDITIONS AT SOLDIERS' HOME

(By The Associated Press)  
WASHINGTON, Aug. 4.—Conditions at the Johnson City, Tenn. Old Soldiers' Home, where former service men are receiving hospital treatment are so deplorable that unless congress acts immediately the casualties there will be proportionately higher than occurred in the World War, Director Forbes, of the Bureau of War Risk Insurance, declared today before a senate committee.

Agents of the bureau have just completed a secret investigation of the institution in which are quartered nearly 850 former service men and who, Colonel Forbes declared, were living under astounding condition of vice, corruption and immorality.

The war risk head brought as a witness M. P. McInerney, the agent who made the investigation and who lived for a week as a patient at the home.

The latter told the committee of having seen morphine, moonshine whiskey and extract of ginger, containing 65 per cent alcohol on the home reservation; declared that intoxication was common among the former service men and asserted that immoral women overrun the grounds on which the institution is located.

The witness said he had encountered many patients who carried guns and defied the guards to take the fire arms away. There was no discipline, he added.

Chairman Sutherland of the committee put into the record a letter and affidavits from seven patients at the Resthaven Sanitarium, Waukesha, Wis., asking for an investigation of that institution. The former service men declared they had been subjected to inhuman treatment and that facilities for their care and attention were inadequate.

## BARRY CHILD INJURED BY AUTO

Barry, Ill., Aug. 4.—Little Mary Alice Westlake, daughter of Mr. and Mrs. D. C. Westlake of Pittsfield, was seriously injured and several other persons received slight injuries this afternoon when an automobile drive r lost control of his machine and it plunged into a crowd at the Shaw picnic near here.

The girl, who is about 10 years old was taken to the office of a physician in Barry where her injuries were treated.

## NEED CESSATION OF PESSIMISM SAYS GOVERNOR HARDING

**Tells the Congressional Commission Must Quit Saying Everything is Going to the Dogs—Funk Regrets Challenging of the Reserve System—Williams Made Rulings**

(By The Associated Press)  
WASHINGTON, Aug. 4.—Credit policies of the federal reserve system continued under examination of a congressional commission today in a stormy atmosphere, with Governor Harding of the reserve board as the sole witness.

"The federal reserve board didn't create this financial depression," Governor Harding exclaimed toward the end of the day. "It saw it coming and got ready to protect things and people ought to be grateful it did so. Now all we need is cessation of pessimism which marked bad times as foolish optimism marks good times. We all know now everybody was going crazy in the boom during the fall of 1919."

"This situation is going to work out. There's no comparison between the condition a year ago and conditions today. Take cotton with a low yield and exports picking up. Banks everywhere are fully justified now on the carrying loans."

"All we've got to do is to get out of everlasting pessimism and quit saying everything is going to the dogs. Why, a man has to put up a good cheerful face if he wants credit. You can't talk to the banker like you do to the tax assessor."

Previously a sharp passage had taken place in which Representative Funk, Republican, Illinois, Representative Mills, Republican New York and later Governor Harding participated.

"Funk Is Disappointed" Representative Funk said, "because the reserve system has been challenged, complained of, criticised, and charged on one ground, that it has discriminated against agriculture. And we've not heard one word from this witness."

Representative Mills asserted the commission had "allowed John S. Williams, former controller of the currency, during two days, to make charge after charge against the reserve board, and that Governor Harding was entitled to common justice," in the privilege of a detailed response.

Mr. Funk told Mr. Mills to "handle your affairs and I'll handle mine," while Chairman Anderson ruled that the governor was within his rights. Has the reserve board called in farm credits, Mr. Funk demanded later.

"No, sir, it never has," Governor Harding retorted.

"How about the circulars of the San Francisco reserve bank?" Mr. Funk continued, "concerning the price of wheat in 1920."

"I never heard that before," Governor Harding said. "Did it cause a break in wheat prices?"

"It had some effect," Mr. Funk responded.

"The board has cautioned reserve banks not to issue circulars," Governor Harding continued. "Its the job of a banker to look to the value of his collateral but to do it in a quiet way. It is not the function of the reserve system to regulate prices, up or down, but to maintain credits."

In general, Mr. Harding said, "the attitude of the reserve board toward agriculture has been greatly misunderstood and grossly misrepresented."

"The whole trouble with the reserve system in meeting agriculture demands is that reserve banks do not and cannot lend to individual borrowers," he added.

"The paper of borrowers must get into the hands of member banks before it gets to the system."

Giving the history of increases of rediscount rates in 1919 and 1920 Governor Harding asserted that Mr. Williams, one of its chief critics had participated in the rulings.

The ideal system, he said, would be to maintain rediscount rates just above market rates on money, thus avoiding inflation, and yet offering practically unlimited credit.

Legal limitations, he held governed the board at all times and the matter of credit policies ought and did center upon 12 district reserve banks.

"Curiously, I have never heard a complaint from one bank in the Atlanta district which Mr. Williams charged had to pay 87 per cent on reserve borrowings," Mr. Harding said, "but the board, after learning of the extreme instances of penalties and charges which resulted from the progressive rate system, now no longer in effect, did order money returned to every member bank in excess of 12 percent. The 999 in the United States and in their own resources."

## LOOKING FOR SIX WHISKEY RING SUSPECTS

**Arrest Three Men Littering Near Rockford Distillery**

(By The Associated Press)  
ROCKFORD, Ill., Aug. 4.—Police here are seeking six more alleged members of the Hammond, Ill., \$27,000 whiskey ring supposed to be in that vicinity. Three men arrested last week when found with two huge trucks littering about the vicinity of the Graham Distillery warehouses, were identified today as former members of the Hammond gang. Another raid on the Graham Distillery which was broken into a few weeks ago, was probably the object of the latest visit to Rockford, police say.

Chief of Detectives Michael Hughes, of Chicago, assisted Captain Homer Road, Rockford, to identify the men.

One of the men taken here the police said, has been identified as the driver of the truck seen leaving the vicinity of the Graham plant the morning of the former robbery.

Twenty-two barrels of whiskey were taken at that time. At present there are 118 barrels under bond in the warehouses.

The men taken are, Edward Prusser, Steve McCarthy and Morris Gibson all of Chicago. The last named is a negro.

Rogues gallery pictures of six alleged members of the Hammond ring have been supplied to local police by the Chicago department. About three ounces of what is supposed to be nitro-glycerine was found on the men arrested here.

One of the most sensible reform movements that has been recently undertaken is that in Chicago, where men and women

are entering into an agreement to vote at every election. The failure of citizens to express their views at elections has long been a matter of concern, especially to those interested in municipal problems. In any city if a majority of the people take part in every election, advances are certain.

Women of St. Louis showed a surprising quality in an election this week in which they were vitally concerned. The proposal was that women now that they have the right of suffrage, should become fully eligible for holding office. It was a state wide vote and the indications are that the proposal carried by a small majority, altho it lost in St. Louis.

The surprising thing was that the vote of the women was so light in this matter in which they were so directly interested. Just as a matter of common sense it looks as if women with full suffrage and full property rights should also be eligible to office holding, but evidently a great many Missouri women are not at all interested in this subject.

For the first time in many years a school board issue in Decatur has been defeated. The Review of that city explains that the tax payers are in revolt and that just at present any proposal which will mean higher taxes will be voted down.

Not long since Decaturites voted no on the proposal of a wheel tax and thus the city is short about \$27,000 in its special funds. The condition in Decatur reflects the situation in practically every other city and at the present time it is a brave administration that will suggest a bond issue.

It is fortunate for the people that the national administration seems to understand the country wide situation and an earnest endeavor is being made for reduction in federal taxes.

## MR. MAWSON SHOULD BE RE-ELECTED

Altho the petition of F. L. Mawson as Republican candidate for county commissioner has not yet been filed, this action will without doubt be taken before the close of the week. Mr. Mawson was elected last November by a heavy majority to fill a one-year term. Since entering upon

his duties the commissioner has given certain evidence of his earnest desire to really serve the people. He is honest, painstaking and evidently looks upon a public office as a public trust.

With the experience of one year Mr. Mawson will be able to give better service thru a full term, and it will be proper for his friends to be certain that his position is filled within the time which the law provides.

## POSTPONING R. R. DEBT

"President Harding took another long step toward normalcy when he asked Congress to give authority to the War Finance Corporation to purchase half a billion dollars worth of railway securities," declares the Republican Publicity Association. "This is approximately the balance owed to the Government by the roads on account of additions and betterments made to the properties during the period of Federal control. It is in no sense a cancellation of the debt, but merely its postponement until such time as the roads are able to liquidate it without serious embarrassment to our transportation system."

"I believe it essential," said the President in his message to the Senate and House, "to restore railway activities and essential to the country's good fortune to hasten both funding and settlement." Mr. Harding knows, as every other sound business man knows, that efficient transportation must be maintained in the interests of the public welfare. It is recognized by those conversant with the facts that the standard of railway service must inevitably fall unless the roads are given the financial relief asked for them by the President. They have exhausted their credits with industries that furnish them with supplies, such as steel and lumber of which they are the heaviest users, and rapid depreciation is sure to follow unless new funds are forthcoming for maintenance.

## DR. HARKER ATTENDS MEETING AT M'KENDREE

Dr. J. R. Harker has returned to the city from Lebanon, Ill., where he went to attend a booster meeting in the interest of McKendree college. The meeting was held for the purpose of inaugurating a campaign for \$1,500,000 endowment fund for McKendree, and the 600 representatives of Methodism present voted with one accord in favor of undertaking the task. Dr. Harker was present as a representative of the Methodist board of education.

Among the speakers was ex-Governor Deneen of Illinois, who is chairman of the board of trustees of McKendree. Bishop Quayle of St. Louis was also a speaker.

The campaign is to begin at once and will be concluded by December 1st of this year. Dr. J. W. Hancher, prominent in this line of work, will be in charge of the campaign.

## BIDS FOR COAL

Sealed bids for furnishing 3-inch screened lump coal for all County purposes for one year will be received at the office of the County Clerk until Monday, August 15th, at 2 o'clock p. m. A separate bid to be made on coal for the County Home. All coal to be weighed over the City scales except that delivered at the County Home, which is to be weighed at the County Home.

The successful bidder must enter into a contract and give bond for the faithful performance of the same.

The County Board of Commissioners reserves the right to reject any and all bids.

Dated this 2nd day of August, A. D., 1921.

George L. Riggs,  
County Clerk.

## TO AID EX-SERVICE MEN IN ILLINOIS

Squad of Experts From Government Rehabilitation Agencies at Washington to Visit Springfield and Hear Claims of Ex-Service Men

A special effort is to be made in the interest of ex-service men in Illinois, when a "Clean-up Squad" of experts from the U. S. Public Health Service, the Bureau of War Risk Insurance and the Federal Board for Vocational Education will visit Springfield. The experts will be in the capital city from August 22 until September 1, and disabled soldiers of Sangamon, Menard, Morgan, Logan, Christian, Scott and Cass counties are free to appear before them and present their grievances.

The ex-service men thus appearing will be given advice as to the best method to pursue to secure medical treatment or vocational training. It is hoped that by means of this squad of experts the rehabilitation agencies at the national capital may be of service to a large number of disabled veterans who are now receiving the attention to which they are entitled.

The squad plan was originated by Department Commander McCauley of the American Legion, and was given a tryout in East St. Louis last fall. By means of the squad each man is put in direct touch with the relief agency and thus is saved months of delay. Traveling with the squad is a representative of the Legion Service department and an official of the Central Division of the Red Cross. The clerical force is such that the necessary papers and records in each case may be prepared expeditiously.

## WINCHESTER PICNIC

## IS HELD THURSDAY

Burgoo Picnic Given by Christian Church Was Successful Event—Contract for School Building Awarded—Other News Notes.

Winchester, Aug. 4.—The Christian church burgoo picnic given Thursday was a success in every respect. The weather was ideal, altho about noon there was some indication of rain. A large crowd was present all during the afternoon and evening hours, and all greatly enjoyed the program of athletic events and contests. Music was furnished by the high school band. There was an abundance of good things to eat, including fried chicken, burgoo etc. The list of prize winners will be given in tomorrow's Journal.

The contract for building the community high school was let Thursday to Buerkin & Buerkin of Quincy, on their bid of 119,000. The contract specifies that Henry T. McLaughlin shall furnish the brick for the building. Twelve other contractors submitted bids, and there were also a number of bids for lighting and heating etc., but no awards were made.

## A REMARKABLE FAMILY

When Dr. W. E. Spoons went to Texas to the reunion of his family he found his father, 85 years old, and his mother, 81, both strong and hearty and in the full possession of their faculties. It was noticeable that nine had strayed away a long distance from the parental home and on the occasion of the reunion 89 descendants of the old people were present and all entered fully into the spirit of the happy occasion.

## A Great Food Discovery

From Rameses I to the present time the whole wheat grain has been the most perfect food given to man. It contains in proper proportion all the elements needed for building and sustaining the perfect human body. The problem has been how to make the whole wheat grain digestible in the human stomach. That problem was solved by the man who invented

## Shredded Wheat

In making Shredded Wheat Biscuit the whole wheat grains are first thoroughly cleaned (no small, broken or defective grains are used), then boiled in steam. The softened grains are then drawn into filmy, porous shreds, which are formed into biscuits (or little loaves) and baked in coal ovens at a high temperature. This process breaks down the starch cells in the center of the wheat so the digestive fluids can get at them. The mineral salts and vitamins (so necessary to normal growth) and the bran, which is needed to stimulate "bowel exercise," are retained.

Delicious for any meal with milk or cream, sliced bananas, raisins, prunes or other fruits.

If the spirits of the just made

place on earth the souls of saint-  
ed John Wesley, Peter Cartwright,  
V. D. R. Trotter, W. F. Short,  
Amos Leaton, Hiram Buck and a  
whole list too long to be enumer-  
ated must have been rejoiced  
over the exercises of yesterday  
when the one hundredth anniver-  
sary of Methodism in Morgan  
county was celebrated.

In due season the sound of  
music indicated that the line had  
started and in the following  
order:  
Platoon of office.  
Woodson cornet band.  
E. L. Kinney, bearing a U. S.  
flag.  
Supt. E. L. Pletcher and Dr. R.  
Zaring, editor of Western Chris-  
tian Advocate of Chicago heading  
a platoon of ministers, among  
whom, as guests was Dr. W. E.  
Spoonts, pastor of Northminster  
Presbyterian church; the Rev.  
Messrs. D. V. Gowdy, Bracewell,  
Thomas Symons, T. H. Tull, G. T.  
Wetzel, Messrs. Randle, Weber,  
Florenz and others.  
Then came the enthusiastic  
Sunday schools, headed with ban-  
ners and flags and were as fol-  
lows:  
Concord.  
Durbin and Providence.  
Franklin, stating that it was

Mabel Jordan, Ruth and Norah  
Jordan, Florence Meyer Jessie,  
Fannie and Fred Masters, Mrs.  
Frances Suter, Mrs. Ethel String-  
er, Mrs. J. A. Paschall, Helen and  
Homer Paschall.  
The audience then adjourned  
to Nichols park where hountful  
dinners were eaten by the vari-  
ous groups, Sunday schools,  
friends and others. The Journal  
man enjoyed the generous hospi-  
tality of his friends, H. J. Rod-  
gers and daughter.  
Two notable persons on the  
grounds were Mesdames E. M.  
Caldwell and James Rowan, sis-  
ters, and daughters of Rev. W. D.  
R. Trotter and granddaughters of  
the noted Peter Cartwright.  
In the absence of Hon. John J.  
Reeve, who was to have acted as  
chairman of the gathering at the  
tablet, Rev. Thomas H. Tull of Grace  
church served as chairman and pre-

ther Jordan, who with his family  
had lately settled here. The horse  
man proved to be a Methodist local  
preacher and he was given a most  
heartly welcome. Soon one or more  
of the Jordan boys might have been  
seen hurrying off to the cabins of  
the other settlers with the word that  
there would be preaching in the Jo-  
rdon cabin at "Early Candle Light."

Describes First Meeting.  
At the appointed hour a motley  
crowd had assembled, but stout and  
true hearts were in the midst. The  
Jordan family were probably already  
a religious family and others of the  
settlers. The preacher arose and took  
his text. We know the preacher, but  
not the text. It was Joseph Basey  
from near Jerseyville. It would be  
a delight to have the record of that  
first text. It was probably one of  
the great searching texts of the Word  
of God, and proclaimed with earnest  
voice and flaming spirit. The meet-  
ing closed and all went home but  
with some a new vision and purpose  
born in their lives. This company  
have all long since passed away, but  
the message of that night lives on.  
for Joseph Basey preached a Living  
Gospel that night. It passed like fire  
from friends to friend, from father  
to son until an illustrious company  
has gone marching out and on from  
that first service.

"Today we commemorate past and  
rededicate ourselves to the carrying  
on of the great commission, 'Go ye  
into all the world.' Standing on this  
spot we are part of that great com-  
pany of the church militant and tri-  
umphant and as our fathers sang, we  
sing:  
"Here I raise my Ebenezer;  
Hither by they help I come.  
And I hope by thy good pleasure  
Safely to arrive at Home.  
"We dedicate this stone today as a  
memorial of a wonderful past and  
may it always be an inspiration to  
a glorious future."

Dr. Zaring Told M. E. History  
After the serving of a picnic  
dinner the crowd assembled un-  
der the trees for the afternoon  
program. Rev. T. H. Tull pre-  
sided and a number was given by  
the band before the speaker of the  
afternoon, Dr. R. Zaring, edi-  
tor of the Northwestern Chris-  
tian Advocate, was introduced.  
Dr. Zaring's theme was "The Au-  
tobiography of the old Saddle  
Bags." On a chair near the speak-  
er were the saddle bags which  
his father carried as a circuit  
rider for fifty-six years. Dr. Zaring  
served as a voice for the  
saddle bags and had them nar-  
rate in most interesting vein the  
facts about early Methodism in  
Indiana where his father was so  
long in the service of the church.

In this somewhat unique way  
Dr. Zaring pointed out the devel-  
opment of Methodism of today,  
built upon the work and char-  
acter of the pioneers. The ben-  
ediction was pronounced by Dr.  
J. R. Harker, Hugh Green then  
made an announcement of the pro-  
gram of athletic sports, which  
was immediately begun and  
aroused a great deal of interest.  
Results in athletic contests  
were as follows:

SEVERAL CAMPERS  
Wednesday night was a good  
one for campers at Nichols park.  
First, four came in, one party in  
a fine limousine from New York.  
They were father, mother and two  
sons. They were admirably pre-  
pared for the season's having the  
interior of the car arranged for a  
bed for the parents, while the sons  
slept in a tent. Three others were  
from various parts of the east and  
all were pleased with the surround-  
ings.  
About eleven or a bit later,  
three more cars came in just as  
the policeman was leaving. He  
guided them to the proper place  
and they soon had their tents  
spread and went to sleep.

Mr. and Mrs. John Hogan and  
Mr. and Mrs. Warren Mitchell  
left yesterday for a few days' visit  
with relatives at Eola, Mo.

# ARCHIE BOWEN TELLS OF LEON VAN HOOREBEKE

Leon Van Hoorebeke, when he walked the streets of Springfield, was looked upon by many as mentally unbalanced. He died in a state hospital. That is convincing proof—in the minds of many. But the facts tell a different story. You remember that once he was examined in court and discharged. The truth is he went to the Jacksonville state hospital voluntarily, not because he was

insane, but because he was suffering from an inoperable and fatal disease. Kindly and good care prolonged his life. He lived two years in that institution. Here are some observations I would like to impress upon you. Eccentricity is not a mental disease. Van Hoorebeke was eccentric to a high degree. He sprang from good stock. He was polished and educated. He possessed many of the virtues of the gentleman; gentleman bred. Enthusiasm is not a symptom of mental disease. Van Hoorebeke was an enthusiast. His enthusiasm frequently carried him to ridiculous lengths. Some men thought it smart to start him haranguing an impromptu audience on the corner or in the hotel lobby. He was susceptible when the subject proposed was one on which he was enthusiastic. When war was declared, the little old man recalled his France with a greater vividness than he had ever experienced. His heart was torn and bleeding as he read the discouraging news of German successes, but he never wavered in his faith that his native land would win. The smallest success

of French arms sent him soaring among the clouds. All this enthusiasm was expressed in his own eccentric mannerisms, which to many were evidences of mental aberration. He was a Frenchman. He never acquired a free command of the English language. He expressed himself poorly. His efforts to make himself understood, broke out in gesticulation and emphasis, partly attributable, of course, to racial characteristics. In Paris, one may see in the streets, anywhere, just such emotional enthusiasts as Van Hoorebeke when he attempted to communicate with his fellow men. Many a man or woman of foreign birth who has not been able to master English has become embroiled in insanity hearings and some have actually been misunderstood or could not make themselves understood. Isolation that comes with inability to communicate with others has frequently produced pronounced melancholia and commitment. It would all disappear in a smile when a countryman was found who could break through the barrier.

Van Hoorebeke was poor but not entirely friendless. There was a group of men in Springfield who contributed to his support. When his disease made it impossible for him to care for himself, he went into a state hospital to die. There he lived in the sick ward in bed, attended by trained and kindly nurses. His suffering was alleviated by skillful treatment. His bed was always clean. He received the attention needed. Day by day passed. Some of his friends saw him occasionally. France was victorious. He was happy. He passed the time as a sick man passes it, who knows the end is not far away. Little he said was intelligible as he prepared for the great adventure. —Springfield State Journal.

## C. OF C. DIRECTORS HELD CONFERENCE

Weekly Session Thursday Night—Secretary Welch Will Attend Summer School of American City Bureau.

A regular meeting of the directors of the Chamber of Commerce was held Thursday night. John W. Welch, vice president, presided. The directors were in session for nearly two hours and various matters of business relating to the organization were considered. Secy. Welch was requested to attend the school for secretaries which the American City Bureau will conduct at the University of Wisconsin for two weeks during the present month. The question of placing permanent quarters for the state Epworth League organization at Nichols park was brought to notice and a committee to investigate the project will be named by the committee on committees. Secy. Welch gave the directors various facts with reference to the work of the Round-Up committee and the Waverly auto tour committee.

## BURGLARS ENTERED GARAGE AT WOODSON

Burglars entered the garage of Robert T. Smith in Woodson some time Wednesday evening and carried away with them about \$250 worth of tires and other automobile accessories. Entrance to the building was made thru a window on the south side. The local police were notified yesterday of the theft but have as yet discovered no clue to the identity of the robbers.

It is recalled by Mr. Smith that two strangers came to the garage early Monday morning to buy gasoline, and while Mr. Smith was waiting upon one of the men the other walked into the garage. It is possible that they were planning the robbery at that time and visited the garage to learn the easiest mode of entrance.

## CLARA RUSSEL IS MARDI GRAS QUEEN

Queen and Maids of Honor Chosen Thursday Night—Everything Ready for Parade and Coronation.

The big contest for the Queen and Maids of Honor for the Mardi Gras is over, the final votes were cast and the result tabulated in the presence of the Chamber of Commerce Board of Directors and the Mardi Gras committee last night at ten o'clock. The following is the result:

Clara Russell, Queen, 27,785  
Maids of Honor  
Helen Allcott, 18,575  
Hazel Widmayer, 10,799  
Louise Trahey, 5,617  
Louise Gebert, 4,944

The parade will start promptly at 7 o'clock this evening from the corner of West State and West-ninth streets.

A great variety of floats have been decorated already, and many others will be completed during the day.

The parade will take the following course: East on West State street to the square; around the west and south sides of the square; east on Morgan street to Clay avenue; north on Clay to East State street; west on State street to the square and around the east and north sides of the square to the coronation platform in front of Andre & Andre's store.

Stanley Wright, chairman of the Mardi Gras committee, has asked Mayor E. E. Crabtree to have charge of coronation ceremonies which will be of an impressive nature, tho they will occupy only a small amount of time.

After the coronation, the people will be allowed to dance without charge on two big platforms erected for this purpose. Confetti and other novelties sold by the American Legion members will help to give the affair the picturesque environment of a true Mardi Gras.

## ARBITRATION PLAN AFFECTING 30,000 EMPLOYEES ADOPTED

Will be Used to Settle all Disputes in the Future

CHICAGO, Aug. 4.—An arbitration plan affecting 30,000 Armour & Co. employees throughout the country was adopted today at the first meeting of representatives of the employees and management under the recently adopted "industrial democracy" by which the workers were given a voice in all problems affecting their interests. Similar plans are being prepared by other large packers.

The meeting was attended by representatives elected by the employees from ten plants of Armour & Co., as a general conference board and management representatives. The conference was to determine a permanent form of organization and was held preliminary to the forthcoming cancellation of the wartime agreement whereby difficulties between the packers and their employees were to be adjusted by Judge S. J. Aischuler. The war time agreement automatically ends on September 15.

The new arbitration plan provides that should any dispute between the packers and their employees ever reach the stage where it cannot be adjusted by the general conference board an arbitrator satisfactory to both sides shall be appointed who will investigate the matters in dispute and whose findings shall become final and binding upon both the employees and the company.

## TWO FATALLY HURT WHEN CAR OVERTURNS

DENVER, Colo., Aug. 4.—Miss Fannie Donahue of Oklahoma City and Miss Hazel Hudson of Nauvoo, Ill., were probably fatally hurt and a number of other persons were less seriously injured here today when a sight seeing car loaded with tourists overturned in the city.

Mrs. Eugene Smith, Kenosha, Wis., and her two children, Roberta, 5 years old and John, 11, also were badly hurt. Eleven persons were taken to hospitals.

The car swerved at the street intersection to avoid hitting a traffic policeman, according to the police, and turned over.

## A FINE WHEAT CROP

F. D. Wilson, who carries on the farm of George Oxley, near Clemens, had the best wheat crop in the county according to reports to the Journal. He had 31 acres which averaged 39 bushels to the acre of a fine quality here today when a sight seeing car loaded with tourists overturned in the city.

MAKING PLANS FOR LABOR DAY PROGRAM

Trades Assembly and Chamber of Commerce Co-operating in Preparations for Observance of Day.

A special meeting of the Trades Assembly was held last night at the Labor temple to make further preliminary arrangements for the observance of Labor day. P. J. Hayes presided, with Abe L. Wood serving as secretary. A committee representing the Chamber of Commerce was present, including John S. Hackett, chairman; George Edman and J. W. Walton. The Chamber of Commerce has been invited to co-operate in preparations for Labor day and the several committees appointed represent the two organizations. The chairman of each sub-committee is expected to call a meeting of his committee speedily in order to outline the necessary work. Another meeting of the Trades Assembly will be held next Thursday night when all the committees are expected to make report. After these reports are on file the arrangements for the proper observance of Labor day can proceed with more definiteness. The various committees appointed last night are as follows:

THE CHAUTAUQUA A MUSIC FESTIVAL

The management of the Jacksonville chautauqua has always tried to secure the best available musical attractions. During the war, it was impossible to get first-class musical organizations and since the war the increased cost of transportation and old H. C. L. has made music expensive.

For this year the directors have gone the limit on music and have secured a varied program which should delight everyone for there will be bands and choruses, soloists and quartette, ragtime and popular music, and plenty of the best standard instrumental and vocal music for the more critical music lovers.

Those who love good music will certainly enjoy:

The White Hussars, a singing band of 18 musical entertainers, who will appear in nifty white uniforms with gold instruments and render programs including band and orchestral music, vocal solos and choruses, musical novelties, dances, etc. These musicians have been in Jacksonville with the Dunbar Operatic companies.

The Chicago Operatic company, John B. Miller's great company of Chicago's best vocalists, the best singing company on the chautauqua platform.

Morgan's Rainbow Division band of 30 pieces which was the integral musical organization of the Rainbow Division when overseas and which went into Germany with the army of occupation. This was the old 168th infantry band and is the pride of Iowa.

The Zedeler Symphonic quintet, a company of artists under the leadership of Nicolai Zedeler formerly of the Stockholm, Sweden, Symphony orchestra and later of the New York Symphony, which will render popular concerts of the best instrumental music.

Both the Rainbow Division and the Zedellers bring with them a soprano singer.

The Parnells, the biggest little musical organization on the platform, in novelty programs, character sketches and skits.

Social Events

Entertains Lutheran Aid Society

Mrs. William Roegge entertained the members of the Ladies' Aid society of the Lutheran church yesterday afternoon at her home on West Lafayette avenue. The regular monthly business meeting was held, presided over by Mrs. Shultz the president, followed by a pleasant social hour. Late in the afternoon supper was served. There were 18 ladies present.

Telephone Operators Entertain for Guests

The Illinois Telephone operators gave a delightful little party last evening at the home of Miss Geneva Wharton on South Diamond street, in honor of Mrs. Starr Edwards of Waverly, who was recently married. There were twenty-five guests present and an enjoyable evening was passed. The hostess served delicious refreshments and the affair was a most successful one.

Epworth League Members Enjoy Picnic

Members of the Epworth League of Ebenezer church enjoyed a picnic at Nichols park Wednesday evening. This event marked the closing of a contest which has been waged for some time past, the losing side entertaining the winners. A bountiful picnic supper was served and afterward games and contests were enjoyed. Rev. and Mrs. F. E. Bracewell were guests of the League members.

LITERBERRY HAS BIG CHICKEN FRY

**Annual Baptist Event Attracts Great Crowd—Supper Served to Seven Hundred People.**

Literberry, August 4.—Eight hundred people was a conservative estimate of the size of the crowd which attended the annual chicken fry at the Baptist church here this evening. Tho a number of these had to be turned away on account of the limited capacity of the place, more than seven hundred tickets were sold. It was ten o'clock before the last people could be served.

Approximately half of the people were from Jacksonville, the Virginia, Springfield and many other places were represented. Automobiles which brought people to the fry almost filled the town. The C. P. & St. L. trains were also crowded with hungry visitors.

The annual chicken fry of this church is one of the best known events of its kind in this part of the state. Those who looked forward to this year's fry were not in any way disappointed. The supper was served in the cool, well-ventilated basement of the church, one hundred people eating at a time. Besides bountiful rations of fried chicken of the most delicious kind, each was served with a large variety of other good eats, including fresh vegetables, fruits, brick tea cream and home made cake. Drinks were coffee and iced tea. Everyone left saying that the supper was worth many times the price and the waiting.

Committees and helpers responsible for the success of the fry included the following:

General Committee—Mrs. H. D. Crum, chairman; Mrs. W. W. Young, and Mrs. O. E. Crum.

George Richardson fried the chicken. Mrs. O. M. Petefish made the tea.

Ticket Sellers—S. H. Crum, Austin Beavers and William Decker.

Oscar Petefish collected tickets.

TELLS RIDING RULES FOR OUTLAW HORSES

Roundup Star Talks in Interesting Vein About Handling Vicious Mounts—Home Boys Will Try Riding Today—Program of Events Will Be Longer.

In an interview with Mr. Leonard Stroud, now exhibiting at the Jacksonville First Annual Cowboy Roundup, he suggested that many people do not understand the technical points regarding riding outlaw horses.

Mr. Stroud said: "The horses that we use are practically of no value to anyone for service as far as working them or riding them is concerned, as they absolutely refuse to work at the plow or wagon. They will only fight, buck and kick, and the nearest any of them have ever been broke is to lead by the halter. During the tryouts on several of the large ranches up in the Blackhills of South Dakota these horses were selected for the World Championship held at Chicago, July 4th last and were used there in the judging of the bronk riders for the championship of the world. The owner of these horses knowing that they were of no use on the ranches, sold them to Stroud at a very low figure and they were bought purposely for the Jacksonville Roundup.

"In order to keep these horses on exhibition the three days and use them each day when they begin to weaken or stop pitching the horses are caught or picked up by a cowboy who is mounted on a real cow horse in order that they do not exhaust themselves and be sore and stiff for the next riding. If they should be allowed to exhaust themselves it would be several days before they would regain their strength, while with a short period of rest they are fit to ride for bucking purposes again. These horses are ridden without a bridle, the rider using a halter and two rings, no knots or wraps around his hands, and the saddle with one girth.

"The rules for bronk riding are: Rider to leave starting place with both spurs in the shoulders and scratch and scratch five jumps high in front, then scratch both ways high behind and high in front. The following will disqualify riders: Losing stirrup off of either foot, pulling leather, or changing hands on the reins or being bucked off.

"The rider must hold one hand in the air at all times, high above the saddle horn. It has been proven at Cheyenne, Wyo., Pendleton, Ore., and in other contests that the flank rope tied medium tight in the horses flanks makes him more difficult to ride, as he gets the back end high and crooked as well as the front.

"Today in riding Mr. Funk's horses the one he thought was the worst, we did not put any flank rope on and he did scarcely anything in the way of bucking, while the other did fairly well and we had the flank rope on him.

"Some of the 'hands' thought they could ride the steers we have here with one hand, but as they bucked off during the first few jumps they have decided to use two hands in the riding Friday, as they might at least get half way across the arena. Booker Red who tried to ride one of the steers backwards has decided to ride him forwards and let it go at that. To use his vernacular, 'They are sure some steers'."

"Tommy Kirnan's wife, Mrs. Bea Kirnan, is going to ride one of the outlaw horses on Friday afternoon, as an added feature. This is something out of the ordinary as there are very few ladies who ride outlaw horses.

"There have been two or three boys who want to ride, and we are willing to let them use our saddles and stock, in order to give the people of Jacksonville a chance to witness the riding of home talent. We will be pleased to ride any horses that are brought to us and we always make it a rule not to abuse horses in any way with spurs.

"We rushed our program quite a little today as it looked as though it might rain, and we wanted to get the program thru before the shower came. It is dangerous to rush this kind of work and we will give two full length programs on Friday and Saturday.

MARDI GRAS PRIZE WINNERS TO APPEAR AT GRAND

The young women who were the prize winners in the Mardi Gras popularity contest will appear at the Grand opera house tonight after the Mardi Gras program.

Manager Wright of the Grand made this arrangement in accordance with the request of a number of Jacksonville women. The prize winners will of course be presented in the costumes they wear at the crowning ceremonial. Those who gather at the opera house will not only have the opportunity of seeing the young women but also of seeing the handsome prizes which have been awarded.

**BIG SUPPLY OF CONFETTI**  
The Mardi Gras committee appointed George Edman, manager of the Kresge store, to arrange for a supply of confetti for tonight's events. Mr. Edman has made ample provision and people will be supplied at very reasonable cost with confetti, which is such an essential part of Mardi Gras festivities.

**Plenty of confetti for the Mardi Gras on sale today and tonight.**

A Private Surgical Hospital

Thru its Public Health Department Says:—

Our attention has been called to the absence of our Bulletins of Health the past three weeks, but glance at the busy corner, 323 W. Morgan, and you can see why this seeming neglect.

In reality it is not neglect because all spare moments have been used to provide better and more accommodations for those who must join the "Crusade" for better health and longer life by having diseased parts and foreign bodies removed by the knife.

In fact we are endeavoring to make The New Home Sanitarium not only the safest place, but the only logical place, because it is a real Surgical Hospital, devoted to surgical work only, but the most home-like place to be in when having to go thru the ordeal of a surgical operation.

Don't be contented until you see for yourself what a home-like place this really is.

313 West State StreetSIR AUCKLAND GEDDES  
WILL LEAD THE FIGHT

Will Present Protest of Canadian Government Against Diversion of Water From Lake Michigan to Sanitary Canal.

SPRINGFIELD, Ill.—(By A. P.)—Sir Auckland Geddes, British ambassador to the United States, will lead the fight of the Canadian government against the Chicago sanitary district's proposed diversion of more water from Lake Michigan to the drainage canal.

American lake cities, which report their harbors are being made shallower by a lowering of the lake levels thru the drainage canal flow, are also in opposition.

When Illinois' legislative committee goes to Washington to present to congress its arguments that at least 10,000 cubic feet of water per second are necessary for the successful operation of the Chicago drainage canal, they will have to meet the British ambassador's objection based on the treaties of 1842 and 1909.

Copies of formalities exchanged between Sir Auckland and the state department have been received by Illinois officials. The first letter on the subject from the British ambassador to Secretary Hughes, dated April 22, 1921, recalled that former Ambassador Bryce, in March, 1913, made known to William Jennings Bryan, then secretary of state, the attitude of the steadfast opposition which Canada consistently adopted to the policy of proposed diversion of water from the Great Lakes.

"Mr. Bryce took the opportunity to point to the serious prejudice caused to Canadian navigation interests by the diversion of water from Lake Michigan, and the consequent lowering of the levels of the Great Lakes, the British ambassador said.

Violates Treaty Rights.  
"He further represented that any diversion from Lake Michigan which prejudicially affects the navigation of the Great Lakes constituted an infringement of the treaty rights secured to Canada by the Ashburton-Webster treaty of 1842 in so far as it concerned the channels of the rivers St. Lawrence and Detroit and other channels and passages mentioned in the treaty.

"It was pointed out that such diversion was also an infringement of those rights of navigation in boundary waters and Lake Michigan to which the Dominion is entitled under the boundary waters treaty of 1909.

The recognized principles of international law do not confer either upon the federal authorities of the United States or upon any individual state the right to divert from Lake Michigan by any means or for any purpose such an amount of water as will prejudicially affect the navigation of boundary waters in which both Canada and the United States are interested.

"The existing diversion of water has not been acquiesced in by the Canadian government and is in fact greatly in excess of the amount authorized by the secretary of war in 1901. It has already done considerable harm and the water power interests throughout all the Great Lakes and St. Lawrence system from Lake Huron to tidewater, look upon the present situation with apprehension which is shared by the Canadian government.

"The United States government will I think agree that no solution of the area question is likely to be permanently sound or satisfactory unless it is based upon a recognition of the principle established by international practice that no permanent diversion should be permitted to another watershed from any watershed naturally tributary to waters forming the boundary between two countries.

"I venture to express the confident hope that the United States government will not give their approval to the application of the

Chicago authorities to take any steps in this matter which so closely affects Canadian interests without in the first instance arranging for a discussion of the matters with the Canadian government."

Besides creating a committee to appear before congress in behalf of the sanitary district the Illinois legislature at its last session gave the district power to construct controlling works in the Great Lakes and tributaries under authority from the federal government. This is proposed as a remedy for lowering lake levels.

## MAKING GAS FROM OAK LOGS

London.—(By A. P.)—Gas made from old oak logs is now being supplied successfully to the inhabitants of Steyning in Sussex. Other towns are rapidly following suit. It is claimed that this wood gas has practically the same heating and lighting properties as coal gas and its use means a saving of more than half a dollar per 1,000 cubic feet to the consumer.

The Steyning gas works being threatened with closure owing to the prohibitive price of coal about £5 a ton, the carbonization of wood was resorted to as an experiment, with the result that wood gas has been definitely adopted as an illuminant until the price of coal comes down.

At Birmingham, old road paving blocks have been converted into wood gas with equally satisfactory results.

CLOSEST FRIENDS  
HARDLY KNOW HER

Rockford Resident Gains Twenty Five Pounds and Troubles of Five Years End.

"Tanlae has built me up twenty-five pounds in weight and made such a wonderful change in me that my closest friends hardly recognize me on the street now," was the remarkable statement made by Mrs. Thomas McNeill of 316 S. Horseman St., Rockford, Ill.

"I had been suffering for twelve years and was almost a nervous and physical wreck. I would have regular nervous chills, and my circulation was so poor that I would get almost as cold and clammy as death. My head ached and throbbed until I thought I could stand the agony no longer, and I felt melancholy, discouraged and worried all the time. It had been years since I was able to eat a meal without it causing me intense suffering. I bloated with gas until I could hardly get my breath, and at times I could hardly get from the table to the sofa in the next room before I would have such fearful attacks of dizziness that I could scarcely see. I would be in such pain and misery for hours that I could hardly endure it and I would lie awake nights until I was simply exhausted before I could go to sleep.

"I certainly am a happy woman today, for Tanlae has replaced my suffering and misery with good health and I feel just like a school girl again. My troubles have entirely disappeared and I never feel a sign of them. I certainly know how to appreciate my good health with the joy that it brings now, and I will never forget to praise this wonderful Tanlae for all that it has done for me."

Tanlae is sold in Jacksonville by Shreve's Drug Store and by leading druggists everywhere.—Adv.

# MISS AMERICA WINS FIRST HEAT OF RACE

Defeats Miss Chicago in Easy Fashion — Loser, However, Wins Two Other Races.

On Board Sub Chaser No. 419, Aug. 4.—(By Wireless Telephone to The Associated Press)—Miss America, owned by Gar Wood, Detroit, today won the 25 mile Great Lakes speed boat championship for the Harry F. Sinclair trophy, open to all boats and hydroplanes capable of a speed of 50 miles per hour or over, held in connection with the pageant of progress at the municipal pier.

Miss Chicago led in the first three laps and at the end of the third lap was on the inside of the course. Miss America picked up on the straightaway, and clung nip and tuck until the seventh lap when the winner sped along one mile ahead of the Chicago entry. From then on Miss America added to her lead crossing the line about one lap (two and one-half miles) ahead of the field. All other entries dropped out, Miss America being awarded the only accredited place.

**Wins First of Three Heats**  
The race was the first of three heats for the Great Lakes championship. Heats will be run tomorrow and Saturday.

Miss America indicated that she is out of Miss Chicago's class. While the two boats ran nip and tuck through the first half of the dash, it was evident that Miss

America's engine was throttled somewhat and that she held control of the race. When the winner crossed the finish line the Chicago entry still had a lap to go, but did not finish. Neither boat was able to make fast time, due to the circular course which left the speedsters in danger of skidding into the breakwaters at almost every point.

Miss America's average was around 55 miles an hour, but the last lap was at the rate of 61.

Miss Chicago, while defeated in the feature event won two races, the 15 mile free for all and another 15 mile event. In the latter Baby Sure Cure, owned by Paul Strasburg of Detroit gave the local entry a close battle till engine trouble, on the Detroit entry enabled the Chicago both to take a commanding lead.

Ethel IX, owned by Charles P. Hanley, Muscatine, Iowa, and N. A. Peterson, Moline, Illinois, won the fourth hydroplane race of the day five miles, Class 320 Margaret III, belonging to L. E. Selby of Pekin, Ill., was second. Miss Quincy, IV, owned by C. E. Padgett, Quincy, Ill., and O. D. Collis, Clinton, Iowa was third.

Shuts Out Philadelphia and Allows Five Hits — Pittsburgh Philadelphia Pitchers Hard.

PITTSBURGH, Aug. 4.—Hamilton's pitching today achieved a 5-0 victory for the Pirates over Philadelphia. Hamilton held the visitors to five hits. Meadows pitched well except in the second, when the home team scored four runs partly because of the loose fielding of Philadelphia.

**THE BIG SPECIAL**  
Just now we are featuring peach ice cream, made from luscious hand-picked peaches and the price is only 50c the quart at MERRIGANS.

**CHARLES A. GAGE.**  
Chautauqua Platform Manager.  
Mr. Gage sang bass with the preacher's quartet at our assembly last year. That quartet makes records for one of the great phonographs. Those who met Mr. Gage were greatly attracted to him by his charming personality and good nature. He is at present the head of the music department of the International Kiwanis clubs. During the war he was musical director in charge of the mass singing at Camp Grant.

Mr. Gage has a fine reputation as a speaker and has had much experience on chautauqua platforms.

At our chautauqua he will not only manage the platform, but will deliver the morning lectures, lead the mass singing, deliver two lectures and has promised us some of his bass solos.

Jacksonville Chautauqua, Friday, Aug. 12 to Sunday, Aug. 21.

# CUBS LOSE LOOSE GAME TO BOSTON

First Game Under Management of Killifer Results in Score of 13 to 5 in Favor of Braves—Southworth Has Perfect Day at Bat.

CHICAGO, Aug. 4.—The Chicago Nationals under their new manager "Bill" Killifer were defeated by Boston today 13 to 5. The Braves pounded the offerings of Ponder and Jones, while the Cubs gave erratic support to the twirlers. Southworth cracked out three doubles and a home run in four times at bat and drew a base on balls and made a sacrifice hit on the two other times up.

# CATCHERS BATTLE AS ST. LOUIS WIPNS

ST. LOUIS, Mo., Aug. 4.—St. Louis made it three straight over New York winning 1 to 0 after a pitchers' battle between Pertica and Nehf. Catchers Snyder and Dillhoefer were put out of the game following a fist fight resulting from Schultz being made unconscious when hit by a pitched ball in the eighth inning.

While Schultz was being revived a remark by Dillhoefer angered Snyder and umpires and players separated them after several blows. As Snyder left the New York bench he was greeted by a shower of pop bottles from the stands and police were called upon to restore order and see the New York player safely off the field.

## FAVONIAN UPSETS TWO FAVORITES

Wins 2:08 Trot from Walnut Frisco and Jane The Great—Peter Bieler Favorite Wins 2:08 Trot.

TOLEDO, O., Aug. 4.—Peter Bieler, owned by W. J. Rosenmiller of Cleveland and a big favorite in the pools, won the Commerce Club stake for 2:15 trotters, purse \$2,000 feature race of the third day of Grand Circuit racing. In the last heat, "Pop" Geers had Utah headed down the home stretch ahead of the bunch when his gelding broke. Peter Bieler coming on with a rush, captured the final heat.

The big upset in the 2:08 trot, the opening race of the day when Favonian carrying the colors of the Edman stable trotted to the head of the summary, and defeated the heavily played favorites, Walnut Frisco and Jane The Great. The track was not in the best of condition. In the special free-for-all race there were only two starters, Single G. and Sanardo. Murphy took Sanardo out in front in the first heat while Allen dropped in behind with Single G. On the brush down the stretch Single G. shot out in front and won easily. In the second heat Sanardo broke at the quarter pole and also at the half mile and Single G. was slowed down to keep from distancing Sanardo, the time of the second heat being 2:13 1/2.

Roy Grattan won the 2:04 pace in easy fashion while Abbe Hal came thru to capture the last heat.

Tommy Murphy worked a mile with Arion Guy in 2:04 1/2.

## Daily Market Report

### STOCK EXCHANGE

#### TRADING LIGHT

(By The Associated Press)

NEW YORK, Aug. 4.—Move-  
ments of the Stock Exchange to-  
day were narrow and hesitating.  
Trading was light, and tentative  
efforts to bring about a resump-  
tion of yesterday's decline met  
with no greater success than at  
attempts toward a renewal of the  
recent rising. Transactions  
amounted to 340,000 shares. The  
opening was irregular with an  
easier tendency which soon de-  
veloped into a definite downward  
movement. Further profit-taking  
in railroad shares which were  
marked up earlier in the week  
was accompanied by pressure at  
other points. There were no large  
offerings as the market eased off  
and the decline was soon checked.  
The close was heavy.

Motor shares were conspicuous  
in the trading. Under the lead of  
Studebaker they were bid up con-  
fidently in early rise achieving  
some substantial gains, altho  
their best prices were not main-  
tained. Pierce Arrow shares were  
developed on the breaks, but  
an opinion was prevalent that a  
large part of the recent big Eu-  
ropean demand for corn was to  
be used for grain instead of wheat  
for human consumption.

Increased rural offerings had a  
bearish effect on corn. Continued  
heavy receipts weakened oats.  
Provisions were pulled down by  
sympathy with grain and hogs.

## EVERS DEPOSED AS CUB MANAGER

Famous Player Fails Second Time as Pilot—Killifer Is Appointed to the Position.

CHICAGO, Aug. 4.—John J. Evers is no longer manager of the Chicago National League club. William Killifer, veteran catcher of the team was appointed Evers' successor today.

Official announcement of the change was made this afternoon shortly before the Cubs and Boston took the field. Killifer called his players together in the club house and informed them of his appointment. The new pilot's enthusiastic address was greeted with cheers by his teammates, who pledged their support to make him a success in the management of the team.

President Veeck of the Cubs said Evers' full salary would be paid until the close of the 1921 season. Evers is confined to his hotel suffering from a severe cold.

Killifer will be the only playing manager in the National League. He is one of the most experienced and best liked players in the major leagues, is of the fighting type and popular with both players and fans.

**Is Second Failure.**  
This is the second time Evers has failed in his attempt to manage the Cubs, the team on which he gained fame ten years ago as a second baseman—a member of the famous "Tinker-to-Evers-to-Chance" combination. Evers assumed the managerial wheel of the team in 1913, but a disappointing season and dissension among the players caused his dismissal by Charles W. Murphy, then owner. Evers was named manager for the second time last winter, when he was selected to succeed Fred Mitchell.

The change in the leadership of the Cubs was made, it was said tonight, because Evers seemed to have the same difficulty in managing the players that Mitchell had last season. There was dissension on the team and Evers did not seem to be able to remove it. He also was handicapped thru the injury of players.

Killifer has been a member of the Chicago Cubs for four years coming to Chicago in a trade with his battery mate, Pitcher Grover Alexander, from Philadelphia for \$65,000 and two players. He was born in Paw Paw, Mich., in 1886 and his first experience as a ball player was when he played on the St. Edwards College team in 1906. In 1907 he entered the minor leagues playing with the Kalamazoo and Jackson clubs in the Michigan State league.

After playing several seasons in the Texas and Pacific Coast Leagues, Killifer was sold in 1909 to the St. Louis Nationals.

Early the next season he was released to Buffalo. He was with Buffalo thru the 1911 season and in August was sold to the Philadelphia Nationals, for which team he caught until coming to Chicago in 1917.

## For Economy and Efficiency

Now is the time to figure on motor tools. We know you know that you will regret being held up by the hot weather as horse flesh will not give the power you desire and by its use you waste too much man power.

## At our great Reduction in Price on all Tractors as well as Farm Machinery, you cannot afford to use "make shifts"

Now is the time to use the tractor, plow, and manure spreader. Get our special booklet on the machine you need and compare carefully the construction. After results is what you want—freedom from trouble and expensive delays. Proper work at the proper time with proper tools brings forth proper results.

## We Have the King of Balers—
